

The Drama of Gender: Feminist Theater by Women of the Americas (Wor(l)ds of Change: Latin American and Iberian Literature)

The Drama of Gender fills the scholarly gap between womens dramaturgy and feminism as women manifest themselves on contemporary stages across the Americas. The plays examined - Lua nua by Leilah Assucao, Simply Maria or the American Dream by Josefina Lopez, ...Y a otra cosa mariposa by Susana Torres Molina, and Cocinar hombres by Carmen Boulosa - exhibit a desire to deconstruct patriarchal notions of gendered roles and behaviors, compulsory heterosexuality, and dramatic forms.
