

Triumph of the Egg

When the racing season comes on and the horses go to the races and there is all the talk on the streets in the evenings about the new colts, and everyone says when they are going over to Lexington or to the spring meeting at Churchill Downs or to Latonia, and the horsemen that have been down to New Orleans or maybe at the winter meeting at Havana in Cuba come home to spend a week before they start out again, at such a time when everything talked about in Beckersville is just horses and nothing else and the outfits start out and horse racing is in every breath of air you breathe, Bildad shows up with a job as cook for some outfit. Often when I think about it, his always going all season to the races and working in the livery barn in the winter where horses are and where men like to come and talk about horses, I wish I was a nigger. Its a foolish thing to say, but thats the way I am about being around horses, just crazy. I cant help it.
