

## The Guns of Vedauwoo (Cash Laramie & Gideon Miles Series Book 6)

U.S. Marshal Cash Laramie is sent out to locate a shipment of stolen guns in the Vedauwoo area of Wyoming where the rocky terrain is treacherous and enshrouded in mystical beauty. In his quest, Cash goes up against an amoral opportunist looking to stir up discord in the region by selling the weapons to a group of Native Americans. THE GUNS OF VEDAUWOO is the second Cash Laramie novel by Wayne D. Dundee, following on the heels of his bestselling MANHUNTERS MOUNTAIN.

Praise for Wayne D. Dundee and Manhunters Mountain: Dundee keeps the action moving along at a rapid pace, and as always, Cash Laramie is a compelling character, a testament to Cranmers (Edward A. Grainger) creation of him in the first place. -- James Reasoner  
Excellent hard-boiled western that does more than grip you with a strong story, but settles you among characters you'll miss when the last page is turned. -- Thomas Pluck  
A solid, unflinching Western. -- Nigel Bird  
Dundee doesn't write for the faint-hearted. -- Mel Odom  
A fast, hardboiled Western that continues the Cash Laramie legend with swagger and good, solid writing. -- Larry Sweazy
