

## The Kreutzer Sonata and Other Stories - The Original Classic Edition

This edition contains three short stories that were written after Tolstoy made his conversion to intense Christian beliefs. They are interesting to read together, particularly given the common theme about characters with mistaken ideas about what will bring them contentment. How Much Land Does a Man Need? is a parable which examines greed and contentment through the story of a peasant who believes that he would be satisfied with his life if only he had a little bit more land. The Death of Ivan Ilych tells the history of an outwardly prosperous but spiritually empty man who dies at the age of 45 after a fall in his home. In The Kreutzer Sonata a man on a train relates to a fellow passenger what the circumstances were that led to the murder of his wife. It is, at the very least, important to read these stories. The Kreutzer Sonata is particularly important in the history of literature. At its release, it was banned throughout much of Europe for indecency and has been inspiring debate about feminist issues and women characters in literature ever since that time. Ibsen once described Tolstoy as a supremely great writer, when he wasnt being mad. On the evidence of The Kreutzer Sonata, Tolstoy was a supremely great writer EVEN when he was mad.
