

The Life of Anna, Part 2: Entwined

Anna has two masters, one she hardly knows, but who makes her feel safe, the other shes known all her life and says he needs her. Alex wants her to be free. Devin demands her obedience. As Anna takes her first steps into the world, into love, into friendship, she wonders if she will ever understand either of them. There is a subculture within our own world that youve only heard whispers of. The conspiracy theorists wish they knew Annas story. What the conspiracy theorists think they know is only disinformation, put out there to keep them from the real story.

NOTE This is not a stand-alone novel. This is the second of five novels that tell Annas story. ***WARNING*** This book is for grownups. This book is not for people who are easily offended, get nightmares easily, or have difficulty reading books about tough subjects. I do not glorify bad things, but bad things do happen to my poor characters. This is not your typical love story. My heroine does not fall in love and live happily ever after... at least not like the typical heroine. There is a happily ever after, but it is a long, painful journey to that end. This book will likely offend you. This book might make you cry; it might make you throw up. It is a dark book. As my friend, Heidi, said, Its dark. It gets darker. It gets even darker, and then it gets even more darker. And then, just when you think it cant get any darker, it does. But, dont worry. I take you to the deep end gradually. ;) There are many sexual situations in this series of books. People die. People get hurt. Things arent always truly the way they appear. The antagonist isnt just a bad guy; hes EVIL. My heroines worldview is skewed; things that may appall you are perfectly normal to her. Any violence in this book is non-gratuitous and crucial to the plot and character development. Do not read this if you are under the age of consent in your country. Do not get angry if the subject or

actual book upsets you. If you're reading this, you've been warned. #3 Embraced is available here on Amazon, but for some reason is difficult to find. Here is the link: <http://www.amazon.com/dp/B00QVMHJ6O>
