

The Lottie Project

An adaptation for the stage of this modern childrens classic by the best-selling author and 2005 Childrens Laureate. For her history project, Charlie hits on the idea of writing the diary of Lottie, a young Victorian serving girl. When Charlies mother loses her job as a shop manageress and starts work as a cleaner, Charlies previously happy and comfortable lifestyle is threatened, and she finds her own hardships and struggles are not so different from Lotties. First staged at the Polka Childrens Theatre in 1999, this adaptation is suitable for young actors as well as young audiences. The adapter, Vicky Ireland, has provided production notes to indicate how the play can be staged even with minimal resources - plus a lot of ingenuity!
