

The Man Who Shot John Wilkes Booth: A Weird Western Novel

What is truth? For nineteen years, Joshua Webb has been asking that question in the pages of his newspaper, The Paradise Ledger. Hes been called a madman, a lunatic and an anarchist, but now he has stumbled upon a story so huge that it could shake the United States to its very foundation. The source of the trouble is Boston Corbett, the man who shot John Wilkes Booth. He claims to possess knowledge of the real perpetrators behind the assassination of Abraham Lincoln, but if his story can be believed, what threat might this hidden truth present to Joshua Webb and the people that he loves? This is the complete novel that was originally published in three serial installments.
