

## The million pound deposit,

1930. A best-selling author of novels, short stories, magazine articles, translations, and plays, Oppenheim published over 150 books. He is considered one of the originators of the thriller genre, his novels also range from spy thrillers to romance, but all have an undertone of intrigue. He also wrote under the name of Anthony Partridge. The book begins: Ned Swayles, the younger of the two men seated in an obscure corner of the cheap, odoriferous restaurant of which they were the only occupants, stretched out a long, shapely hand across the soiled tablecloth, and turned towards him the watch which he had detached from its chain. His protuberant knuckles, the prehensile, electric crawl of his fingers, had awakened a great many speculations at various times as to the nature of his occupation.
