

The Room III: The Final Chapter (The Room, The Room II, The Room III)

As Harry Edwards, the man who has risen from Beldon Falls in *The Room* and who has elevated himself to being one of the most powerful makers and shapers in America in *The Room II, The Rise of HIM* tries to climb even higher, a catastrophe occurs which threatens to destroy his position. Instead of succumbing to the misfortune, Harry begins a plan to steal the Presidency of the United States for himself. Ruthlessly eliminating anyone who would stand in his way, Harry rids himself not only of opponents but also of those people with the potential of exposing him. With decreasing time to accomplish his goal, Harry sets out to corrupt some of the voters in the Electoral College in order to secure the highest position in the land. Enlisting the assistance of a mysterious computer expert known only as the Ghost, Harry puts his plan into play. Slowly, the pieces begin to fall into order, but then money becomes a major stumbling block. In order to obtain enough funds for him to succeed, Harry must make a deal with the leader of a crime family who sets an impossible time limit for repayment with interest. Then a bombshell occurs as Harry discovers there is someone new in his life that either has the potential to assist him in his goals or to destroy him completely. As Harry is forced to juggle his quest for the Presidency, his deal with the crime boss, and the demands of the new person, the tension builds can he do it successfully, or will another unforeseen event come into play with the potential to derail everything? Follow along as Harry is compelled to make life-threatening choices which affect not only him but everyone around him leading to an explosive, gripping climax. *The Room III: The Final Chapter* is a taut, action-packed suspense thriller which keeps the reader guessing as to how far Harry will go to succeed. From Washington, D.C., to Newport, Rhode Island, and beyond, the action doesn't stop

as Harry uses his favorite weapon, fire, in his quest for the ultimate aphrodisiacPower.
