

## The War Inside (Horizons Trilogy Book 1)

The end of the world is only just the beginning. So eighteen-year-old Thea discovers when her solitary life on a dying Earth is shattered by a mysterious dream, a devastating choice, and a strange gift that propels her on a journey towards the restoration of all mankind. Thea is bitter and alone; a perfect embodiment of the sunless, cloud-covered Earth she inhabits. A terrifying dream convinces her to save the life of an injured girl, and despite her misgivings, Thea decides to rescue sixteen-year old Viviana. She soon learns that gentle Viv has a life-threatening infection, as well as a freakish patch of glowing skin over her heart. When this light spreads to Thea, she is forced to trust Caden, an arrogant, lazy, and annoyingly handsome boy she despises. Caden has a map to the last city on Earth, and the only place that might have a cure for both Vivs infection and the strange light on Theas hands. As the trio embark on a journey through the barren wilderness, Thea and Caden try to fight their mounting attraction and discover that the light is not a curse, but a powerful gift meant to heal the polluted Earth and reconnect the remnants of humanity. What they dont know is that deadly shadows watch them, waiting for the chance to make sure that humans stay in the darkness forever. Dont miss The War Inside, an exciting young adult paranormal dystopian novel by debut author M. Kircher. \*\*The Gray Horizon, Book Two in the Horizons Trilogy, will be released August 2014\*\*
