

This Christmas

Its Christmas time, school is out and Anna is headed home for the Holidays along with the rest of the student body. When she realizes that her friend and roommate, Danielle, has nowhere to go, she promptly decides to bring her home to meet the family crazy as it may be. Danielle is in for quite a shock when she finds out just exactly what Anna means by My mother loves strays. Not only are there dogs and cats galore, a pet pig and a squirrel named Lucy, there is also an entire family that doesnt exactly have matching DNA. The shock quickly wears off when Danielle meets good looking Lindsay, Annas best friend and the eldest of the stray family. It doesnt take her long to convince a hesitant Anna to set her up with him. This only opens the door to awkward moments, misunderstandings and surprise encounters under the mistletoe. While Anna has always been comfortable with the way things are at home, seeing things through Danielles eyes suddenly turns her world upside down and makes her confront feelings she never even knew she had. The Holidays are sure to be interesting as Anna figures out just what exactly it is she wants This Christmas.
