

## Ties That Bind

When you've known your entire life, or at least as far back as you can remember that you were adopted you learn to accept it, and hopefully have wonderful loving parents to help you embrace it right? What if, one of your parents loved you to pieces, but the other one seemed distant and aloof went out of their way to make your life miserable? Pat lived with the truth of knowing she was adopted from a very early age. It wasn't until she became a young woman that the depth of the secrets began to weigh heavily on her soul. At what lengths would she go to discover the truth, and when she finally uncovers it will it give her the peace she always yearned for?
