

## Underworld USA

Underworld USA constitue la troisième partie de la trilogie de James Ellroy, où se dévoile en trois moments-clés la construction d'une Amérique sombre, pantin effrayant dont les fils sont tirés depuis les profondeurs de la terre. Entremêlant les personnages historiques de la présidence de Nixon, avec la plus inventive des fictions, Underworld USA livre un portrait panoramique et paranoïaque d'une déchéance annoncée, celle de l'Amérique des vainqueurs, de l'image lisse d'un monde d'illusions, voué au suicide. Paru en 2010, Underworld USA est le treizième roman de James Ellroy.
