

## The Spectacular Seven (Unicorn Western Book 6)

In their quest to bring the renegade Marshal Dharma Kold to justice, Clint and Edward have sacrificed much. But now, with Mai seemingly on the brink of recovery, they must decide whether to continue their fatal pursuit, or allow the magic of the town of Baracho Gulch to heal her. With the help of an unlikely gang of allies, Clint and Edward will make their stand against the forces that threaten to tear apart Realm and Sands. From the creators of Yesterdays Gone (Platt) and Fat Vampire (Truant) comes this reinvention of both the western genre and unicorn lore. Written for children and teens -- but complex and awesome enough for adult readers -- Unicorn Western is Harry Potter without wizards, with gunslingers, with talking unicorns and epic unicorn fights, and with more turkey pie.
