

Water Dream

Kashif Wazir, son of an Afghan Opium Lord and a small group of Taliban terrorists are sent to America by al-Qaida to avenge the killing of Osama bin Laden. Their intention is to detonate a nuclear bomb in the USA that they have brought to a Mexican port aboard a specially outfitted ship. When they cross the US-Mexico border with the bomb, Bill Lopez, a Special Agent with U.S. Immigration and Customs Enforcement and leader of a team of Native American trackers, called Shadow Wolves, set off to interdict the intruders - thinking them to be smugglers attached to a drug cartel. Wazir and his jihadists disappear in a violent rainstorm and the chase is on.
