This special School Edition contains a discussion guide that teachers can use with their students, or readers can use on their own. The guide explores issues of racism and bullying, and topics like native folklore, friendship and more.

Thirteen years ago, Sarah Richardson's life was shattered after the tragic death of her mother. The shocking event left a grief-stricken teen-aged Sarah with partial amnesia. Some things are easier to forget. But now a familiar voice from her childhood sends Sarah, a talented mid-twenties ad exec, back to her past. A past that she had thought was long buried. Some things are meant to be buried. Torn by nightmares and visions of a yellow-eyed wolf and aided by creatures of the Earth and killer whales that call to her in the night, Sarah must face her fears and recover her memories—even if it destroys her. Some things are meant to be remembered—at all cost.
