

Monkeys

NATIONAL BESTSELLER In this luminous story of family life--the first novel by Susan Minot, author of the highly acclaimed *Evening*--the seven Vincent children follow their Catholic mother to Mass and spend Thanksgiving with their fathers aging parents who come from a world of New England privilege. As they grow older, they meet with the perplexing lives of adults. Susan Minot writes with delicacy and a tremendous gift for the details that decorate domestic life, and when tragedy strikes she beautifully mines the children's tenderness for each other, and their aching guardianship of what they have.
