

Wild and Wonderful Fleece Animals: With Full-Size Patterns for 20 Cuddly Critters

Includes full-size, fold-out patterns and templates for each of the 20 projects! Fleece is soft, warm, easy to work with, and simple to sew—requiring no lining or edge-finishing. Even brand-new sewers can make the perfect gift in a weekend, or less! This book provides easy step-by-step instruction to make a range of cuddly fleece creatures to keep or give away—in a variety of colors, textures, and patterns. From Simon Snake and Peter Panda to Hanna Horse and Cindy Centipede, each of the 20 animals is featured in a full-size photograph, along with a variation in one or more colors or sizes. There are easy-to-follow line drawings and step-by-step text instruction for construction and assembly of each one. Linda adds her own creative touches to each of the simple shapes—decorative trims, bright appliques, and quick, secure closures. Full-size tissue patterns and templates are included for each of the projects.
