Between Earth and Chaos, Six Children Battle For Our Survival Save 50% with the full volume, Midrealm, at: <http://www.amazon.com/dp/B00FDO1O8K> What if you and your friends went to another world every time you went to sleep? What if you spent half your life on Earth and the other half fighting for survival against foes too terrible to be real? And what if you could never tell anyone? This is reality for the Realm Keepers: six kids from Earth thrust into a terrifying war between Midrealm and Chaos. Plucked from their ordinary lives and given extraordinary powers, they're the only thing standing between us and destruction. In Episode Six, Blade and the other Realm Keepers are seeking answers to an ominous prophecy. Lured by the words of the oracle Aurora, they seek to find the next tomb of the Six within the industrial town of Faya. Blade finds himself put in a position of far greater responsibility than he bargained for, where great sacrifice may be the only thing that keeps he and the other Realm Keepers alive. This is the first episode of Realm Keepers. Each volume consists of six regular episodes, and a Finale that is three times the length (and price) of a single episode, told from the perspective of all six kids.??? An excellent beginning to this fantasy adventure. I look forward to reading more of this series. Ray Alan Nicholson, Amazon top 1,000 reviewer??? This first episode is a great start to a YA Fantasy series that even adults can enjoy... Well written, interesting characters, promising premise. Eric Guindon, The Siege Perilous Podcast??? Its clear the writers put a lot of effort into developing each personality early on. The story line is still gripping. It moves, but it doesnt move so fast that you feel its unrealistic... Needless to say, Im a fan. On to the next one. Heather, Amazon Reviewer The adventure in Midrealm
