

## Zhizn i mneniya Tristrama Shendi dzhentlmena (Russian Edition)

Shedevrom Sterna bezogovorochno priznan Tristram Shendi (Life and Opinions of Tristram Shandy, Gentleman). Na pervyj vzgljad roman predstavljajetsja haoticheskoj meshaninoj zanjatnyh i dramaticheskikh scen, masterski ocherchennyh harakterov, raznoobraznyh satiricheskikh vypadov i jarkih, ostroumnyh vyskazyvanij vperemezhku s mnogochislennymi tipografskimi trjukami (ukazujushhie palcy na poljah, zachernennaja (traurnaja) stranica, obilie mnogoznachitelnyh kursivov). Rasskaz postojanno uhodit v storonu, perebivaetsja zabavnymi i poroju riskovannymi istorijami, kakovye shhedro dostavljaet shirokaja nachitannost avtora. Ostuplenija sostavljajut jarchajshuju primetu shendianskogo stilja, objavljajushhego sebja svobodnym ot tradicij i porjadka. Kritika (prezhde vsego S.Dzhonson) rezko osudila pisatelskij proizvol Sterna. Na dele zhe plan proizvedenija byl produman i sostavljen kuda bolee vnimatelno, chem kazalos sovremennikam i pozdnejshim viktorskim kritikam. Pisanie knig, kogda ono delaetsja umelo, govoril Stern, ravnosilno besede, i, rasskazyvaja istoriju, on sledoval logike zhivogo, sodержatel'nogo razgovora s chitatelem. Podhodjashhee psihologicheskoe obosnovanie on nashel v uchenii Dzh.Lokka ob asociacii idej. Pomimo razumno postigaemoj svjazi idej i predstavlenij, otmechal Lokk, byvajut ih irracionalnye svjazi (takovy sueverija). Stern razbival krupnye vremennye otrezki na fragmenty, kotorye zatem perestavljal, soobrazujas s umonastroeniem svoih personazhej, ot jetogo ego proizvedenie otstupatelnoe, no i postupatelnoe v odno i to zhe vremja. Geroj romana Tristram vovse ne centralnyj personazh, poskolku vplot do tretogo toma on prebyvaet v zarodyshevom sostojanii, zatem, v period rannego detstva, voznikaet na stranicah ot sluchaja k sluchaju, a zavershajushhaja

chast knigi posvjashhena uhazhivaniju ego djadjushki Tobi Shendi za vdovoj Vodmen, voobshhe imevshemu mesto za neskolko let do rozhdenija Tristrama. Mnenija zhe, pomjanutye v zagolovke romana, po bolshinstvu prinadlezhat Valteru Shendi, otcu Tristrama, i djadjushke Tobi. Ljubjashhie bratja, oni v to zhe vremja ne ponimajut drug druga, poskolku Valter postojanno uhodit v tumanno teoretizirovanie, kozyrjaja drevnimi avtoritetami, a ne sklonnyj k filosofii Tobi dumaet tolko o voennyh kampanijah. Chitateli-sovremenniki ob#edinjali Sterna s Rable i Servantesom, kotorym on otkryto sledoval, a pozzhe vyjasnilo, chto on byl predvestnikom takih pisatelej, kak Dzh.Dzhojs, Virdzhinija Vulf i U.Folkner, s ih metodom potoka soznaniya.
